Licut. Saxion, United States army, in charge of engraving divi-

### POST OFFICE DEPARTMENT.

Hon. Aaron V. Brown, Postmarker General. The direction and management of the Post Office Department are assigned by the constitution and have to the Postmaster General. That its business may be the more conveniently arranged and prepared for his final action, it is distributed among several bureaus, as follows: The Appointment Office, in charge of the First Assituati Postmaster General; the Contract Office, in charge of the Second Assistant Postmaster General; the First Contract Office, in charge of the Title designed Postmaster General; the First Contract Office in charge of the Title designed Postmaster General; and

Appointment Office.—Horatio King, esq., First Assistant Postma eneral, and nineteen clerks. To this office are assigned all quest

solditional allowances granted within the year.

Finance Office.—John Marron, eq., Third Assistant Postmaster General, and twenty-one cierks. To this office are assigned the supervision and management of the financial business of the department, not devolved by law upon the Auditor, embracing accounts with the draft offices and other depositaries of the department, the issuing of warrants and drafts in payment of belances reported by the Auditor to be due to mall contractors and other persons, the supervision of the accounts of offices under orders to deposite their quarterly balances as designated points, and the superintendence of the rendition by postmasters of their quarterly returns of postages. It has charge of the dead-letter office, of the insuing of postage stamps and stamped of the dead-letter office, of the insuing of postage stamps and stamped of the force of the pre-supers of the dead-letter office, of the insuing of postage stamps and stamped of the pre-supers of the pre-su

of the service of route agents, reports of mail failures, application of blank registers, and reports of failures, and all complaints as turing contractors for irregular or imperfect service, should be directed specified Office, Post Office Department."

The Navy Department consists of the Navy Department proper, being the office of the Sevetary and of five bureaus attached thereto, viz: Bureau of Navy-yards and backs, Bureau of Construction, Equipment, and Repair, Bureau of Provisions and Cotching, Bureau of Gredance and Hydrography, and the Bureau of Medicine and Surgery.

The following is a statement of the duties of each of these offices and of the Erree employed therein:

of the Eros employed therein:

Severtry's Office.—Hon. Issae Toucey, Secretary of the Navy; Charles

W. Welsh, seq., chief clerk, and eleven cierks. The Secretary of the
Navy has charge of everything connected with the naval establishment, and the execution of all laws relating there is intrusted to him,
under the general direction of the President of the United States, who,
by the constitution, is commander-of-nebled of the army and navy.
All instructions to commanders of squadrons and commanders of
vessels, all orders of officers, commissions of officers both in the
navy and marine corps, appointments of commissioned and warrant
officers, orders for the enlistment and discharge of scamen, emanate
from the Secretary's office. All the duties of the different bureaus are
performed under the authority of the Secretary, and their orders are
considered as emanating from him. The general superintendence of
the marine corps forms, also, a part of the duties of the Secretary, and
all the orders of the commandant of that corps should be approved by
him.

Buretu of Navy-Tards and Docks.—Commodore Joseph Smith, obied of the bureau, four clerks, one civil engineer, and one draughteman. All the navy yards, docks and wharves, buildings and machinery in navy yards, and everything immediately connected with them, are under the superintendence of this bureau. It is also charged with the management of the Naval Asylum.

management of the Naval Asylum.

Bureau of Construction, Equipment, and Repair.—John Lenthall, esq., chief of the bureau, eight cierks, and one draughtsman. The office of the engineer-in-chief of the may, Daniel B. Martin, esq., is attached to the bureau, who is assisted by three assistant engineers. This bureau has charge of the building and repairs of all vessels with their equipment, as asis, anchors, water tanks, &c. The engineer-in-chief superintends as sails, another, water tanks, &c. The engineer-in-chief superintends the construction of all marine steam engines for the navy, and, with the approval of the Secretary, decides upon plans for their construction.

Burreau of Procisions and Clocking.—H. Bridge, purser United States may, chief of bureau, and four clerks. All provisions for the use of the may, and clothing, together with the making of contracts for furnishing the same, come under the charge of this bureau.

Bureau of Ordnance and Hydrography.—Capt. Duncan Ingraham, chief of bureau, four clerks, and one draughtenau. This bureau has charge of all ordnance and ordnance stores, the manufacture or purchase of cannon, guns, powder, shot, shelin, ac., and the equipment of vessels of war, with everything connected therewith. It she provides them with maps, charts, chronometers, barometers, fac., together with such books as are furnished ships of-war. The United States Naval Observatory and Hydrographical Office" at Washington, and the Naval Academy at Annapolis, are also under the general superintendence of the chief of this bureau.

Bureau of Medicine and Surpey.—Dr. William Whelan, surgeon Uni-of States navy, chief of bureau, one passed assistant surgeon United Satos navy, and two clerks. Everything relating to medicines and nedical stores, treatment of sick and wounded, and management of compitals, comes within the superintendence of this bureau.

Hon. J. R. Floyd, Secretary of War; W. R. Drinkard, chief clerk, seven subordinate clerks, two messengers, and four watchmen. The following bureaus are attached to this department: Commanding General's Office.—This office, at the head of which is journal General Scott, is at New York.

Louiseman General Scott, is a New York.

Adjustantis General Office.—Col. Sammel Cooper, Adjutant General
Assistantis—Brevet Major E. D. Townsend, Brevet Capt. S. William
and Brevet Capt. J. P. Garwache. Judge Advocate, Brevet Major Job
F. Lee; nine clerks and one measurer. In this office are kept a
the records which refer to the personnel of the army, the rolls, &c

Mutual Life Insurance Company of Connecticut INCORPORATED IN 1846.

Capital, \$2,454,000. Annual dividend on life policies, 40 per cent. Ninety-eight families were relieved during 1846 by paying \$214,995. Statements of the company's operations furnished. Those who insured at other agencies, and have removed to this city, can have their policies renewed through

MICH. NOURSE, Agent, No. 461 13th street.

## PROSPECTUS

## WASHINGTON UNION.

New Volume, New Types, and New Arrangements

TO THE NATIONAL DEMOCRACY OF THE UNITED STATES THE undersigned takes this method of informi

efforts to place a copy of the Daily, Weekly, or Semi-Weekly Union in the hands of every farmer, mechanic, and working man in the country.

The subscription price of the Daily Union is ten doilars per annum. The Iri-Weekly (published semi-weekly during the recess of Congress) is five doilars per annum, and contains all the reading matter which appears in the faily. The Weekly Union is furnished to subscribers at the low rate of one delier per annum, and is pully regarded as the cheapest political paper in the world. It is a large and handsomely-printed sheet, and contains as much reading matter in the course of a twelvemonth as would make these ordinary octates volume. It will be found to possess the advantages of both a political and a family newspaper. The most important political articles of the daily issue are transferred to the weekly, and during the sitting of Congress a careful astract of the daily proceedings of the two houses is prepared exclusively for its columns. It contains, besides all important State papers of the year, election returns from every State in the Union, speeches of distinguished democrate in and out of Congress, interesting correspondence, a full summary of foreign and domestic news, and from week to week such information in regard to the agricultural, manufacturing, and commercial interests of the country as will be found, it is believed, of particular value.

That the Weekly Union is appreciated in the most substantial manner by democrate in every section of the Union, no better evidence need be desired than is furnished by its rapidly increasing circulation. Within eighteen months theeky thousand see manse have been added to the subscription list, and, with the slightest exercition on the part of our friends, its circulation can be increased to one hundrest thousand copies before the close of the year. Will our friends exert themselves? Of the value of the Weekly Union to correct misrepresentations, expose full and the property of the property and and appreciated by democrate ver

rom motives when I takes the democrate everywhere. In conclusion, I desire to say a few words to subscribers, and to such as may hereafter become subscribers. There is now owing to the Union establishment upwards of seventy thousand deliars for back subscriptions. These enormous arrearages are the result of the credit system. With the new volume upon which the Union has entered that system is abandoned, and hereafter the business of the establishment of the control o system. In the state of the sta

with the advance payments.

WILLIAM A. HARRIS,
Editor and Proprietor of the Union, Washington, D. C.

### FURNACES.

THE ATTENTION of the community generally, and of house-builders particularly, is invited to the Keystone Heater, lately patented by J. D. Green, of Philadelphia.

All persons inderested are solicited to call at our store and satisfy themselves of the superiority of this bester over all others in use. So successfully have the principles of combustion been applied in its construction, that although it presents a radiating surface of one hundred and fifty square feet, it requires thirty per cent. less coal than any dranace here-eforce manufactured.

Every improvement that an experience of thirty years in the furnace business could suggest has been applied in the production of the Keystone Heater, and its proprietors feel assured that, for efficiency and economy of use, it is unsurpassed.

SIMLEY & GIY,

# MANUFACTURES COMPANYS IMPROVED SPRING MACHINES

THESE machines combine all the improvements that have been invented. Their extensive and increasing sale, and the unanimous approval and commendation that they have received, warrant the proprietors in warmly recommending them. They have been in use sufficiently long to test them thoroughly, and have given entire satisfaction.

Among the undoubted advantages that they possess over all others,

1st. Beauty and simplicity of construction, and consequent consequent and need of repairs.

2d. Unexampled case and rapidity of operation.

3d. Notseloss movement.

4th. The remarkable perfection of their stitching, and their applicability to a variety of purposes and materials.

S. C. Herring & Co.'s Patent Champion Safes.

THE subscribers, grateful for past favors, and finding that a discriminating public were bestowing their patronage to that extent that more warercomes were necessary to exhibit all their stock, have enlarged their depot, by opening an extensive ware and salsercom on Broadway, at No. 251, corner of Murray street, opposite the City Hall. This enlargement of warehouse room, with the recent extensive enlargement of their factory, will enable the subscribers to keep on hand at all times a larger stock of fire and burglarproof safes than any other establishment in the world. Particular attention will be had to constructing safes for private families to match with other furniture, for the security of piate and jewelry.

ALSO—

Will keep on hand and make to order all kinds of money chests, vault doors, and bank vanits. Hall's patent powder-proof locks for banks or store doors; Jones's patent permutation bank lock; and Crygier's putent letter lock, without key.

Orders for tickets and shares and certificates of packages in the thore splendia lotteries will receive the most prompt attention, and an ecount of each drawing will be sent immediately after it is over to all

ness, either for utility or taste for the fine arts.

He deems a particular description of his whick unnecessary, but cordially invites a visit to his yard, where every one can judge for himself.

In addition to the above-enumerated articles he has a number of beautifully-erought statuettes, suitable for either the tomb or the garden; some of them imported by himself from Raly. If these please not the fancy, he will manufacture to order such as may be desired.

By his varied facilities, promptuses, and strict attention to business, he hopes to meet the expectations of his patrons.
